

Mohammad Ali Yassine

+961 81368758 | mhmdaliyassine3@gmail.com | Baalbick, Lebanon

Junior Software Engineer currently pursuing a Bachelor's degree in Software Engineering at Antonine University. Strong foundation in Object-Oriented Programming, software development principles, databases, and web application development. Experienced in building and deploying full-stack applications using Java, ASP.NET, Laravel, Node.js, and MySQL — including a live production dental clinic website (drbatoulyassine.com). Passionate about learning new technologies, working collaboratively in teams, and contributing to high-quality software solutions.

EDUCATION

Bachelor of Engineering in Computer and Communications (Master Level)

Software Engineering

2022/present

Antonine University, Lebanon

TECHNICAL EXPERIENCE

Dental Clinic Website | Laravel, MySQL, Bootstrap

2026

Freelance Project — Live Deployment

Live: <https://drbatoulyassine.com>

- Designed and developed a full-stack dental clinic website with user-facing pages and a complete admin panel for managing content
- Implemented responsive frontend with dynamic pages: Home, About, Services, Pricing, FAQ, Testimonials, and Contact
- Built an admin dashboard for managing services, appointments, payments ...
- Configured production hosting on Namecheap with cPanel, MySQL, and SSL
- Optimized website performance through asset optimization and caching
- Integrated Google Analytics for visitor tracking and business insights

Money Transfer Web Application | Laravel, MySQL

Team Project

- Developed a secure web-based money transfer system using Laravel and MySQL
- Implemented user authentication, wallet management, beneficiaries, and transaction history
- Integrated Stripe API for secure card verification and payment processing
- Applied MVC architecture and Eloquent ORM for structured backend logic

Web Developer Intern | Megabee

20-6-2025 – 20-9-2025

- Assisted in developing and maintaining ASP.NET web applications
 - Collaborated with senior developers to learn best practices and coding standards for web development
 - Gained hands-on experience with Visual Studio and debugging techniques to troubleshoot application issues
-

SKILLS

Programming Languages: Java, JavaFX, C++, C#, Python

Backend: Laravel (PHP), Node.js (Express.js), ASP.NET (Basic)

Frontend: HTML, CSS, JavaScript, Bootstrap

Databases: MySQL, MongoDB, XAMPP

Tools : Git, GitHub, Azure

Software Engineering: Object-Oriented Programming (OOP), MVC architecture, Database Design, REST APIs,

Deployment: Production Deployment, SSL Setup, Google Analytics Integration
